Informed Consent for Chiropractic Treatment:

I hereby request and consent to the performance of chiropractic adjustments and other chiropractic procedures, including various modes of physiotherapy and diagnostic x-rays, on me (or of said minor) by Spine By Design Chiropractic, and Dr. Thomas White. I understand and am informed that, as in the practice of medicine, in the practice of chiropractic there are some risks to treatment, however remote, including but not limited to fractures, disc injuries, stroke, dislocations and sprains. I do not expect the doctor to be able to anticipate and explain all risks and complications, and I wish to rely upon the doctor to exercise judgment during the course of the procedure which the doctor feels at the time, based upon the facts then known to him, is in my best interest. I understand that results are not guaranteed. I have read, or have had read to me, the above consent. I have also had an opportunity to ask questions about its content, and by signing below I agree to the above-named procedures. I intend this consent form to cover the entire course of treatment for my present condition and for any future condition(s) for which I seek treatment.
